

The Harbor...anchoring lives, launching hope, restoring nations

Dear Friends of The Harbor,

We look back on the past year with a profound sense of gratitude and humility. As we review the ministry opportunities and accomplishments the Lord has given us, we realize how deeply and truly we are blessed.

The Harbor has launched its 4th residents' group. We have successfully graduated the 3rd group of residents who are now skilled, employed, educated, and many are spiritually whole. We have launched the Professional Training Center (PTC) that is reaching out to many more orphans with skills and employment outside of the Harbor. Some of our graduates are now serving at the Harbor as volunteers and see themselves as future apostles, teachers, and leaders and as Christian role models to many more orphans because they see the value of life and faith in Christ.

This is Tanya who is in the process of getting her counseling degree so that she might become the next Harbor counselor for the girls. Thank you for helping us transform her life.

Although we give full credit to God for another challenging and great year at the Harbor, we also know this ministry continues to move forward because of you. As our committed partners you have stood by us faithfully and generously this year, offering heartfelt prayers and solid financial support.

One of our graduates, Anastasia, is in the process of finishing her college degree so that she can then attend another college to get a Christian counseling degree. Her aim is to become the next program director of the Harbor. Because of your partnership she was able to come to the Harbor from the lowest intellect orphanage level where she was completely forgotten. She completed two grades of high school in one year, was accepted into the Fashion College, accepted Christ, has become very active in the church reaching out to people, and has become active in the Harbor as a volunteer, teacher and donor. She cannot wait to become the next director of the Harbor. If not for your faithful commitment she would have been lost and become another voiceless forgotten soul of Russia. Thank you for making the difference.

We wish you a Merry Christmas! May the Lord's blessings surround you just as you have surrounded the Harbor with the blessings.

Love from all of us, the Harbor & Alex

We are grateful that you have taken the responsibility and responded to God's call
